## QUARTERLY NEWSLETTER

2021 | THIRD QUARTER

**US Army Corps  
of Engineers®**

AshBritt is proud to share that the Department of Defense [made history](#) last week by awarding four contracts totaling \$1.75 billion to AshBritt, Inc., representing the largest pre-positioned federal debris management contracts value awarded to a single firm.

The record-breaking awards make AshBritt the prime Department of Defense debris management partner in four U.S. regions, comprising 25 states and more than half the landmass of the continental United States where a combined 162 million Americans live.

## ASHBRITT OPERATIONS

Recently, AshBritt has helped Americans weather two very different emergencies: COVID-19 and Hurricane Ida.

AN ABML-IEM HEALTH VACCINATION SITE

**Hurricane Ida:** AshBritt mobilized across seven Louisiana parishes, the coastal Mississippi city of Diamondhead, and the New Jersey counties of Hunterdon and Somerset to remove hundreds of thousands of cubic yards of debris caused by Hurricane Ida.

**COVID-19:** AshBritt has supported states as well as FEMA across 12 states in 2021, providing more than 75,000 monoclonal antibody treatments, more than 1.8 million vaccinations, and building and managing field hospitals. Alongside FEMA, AshBritt vaccinated Afghan Ally partners arriving at the Dulles Convention Center.

HURRICANE IDA DEBRIS REMOVAL

## COMMUNITY INVOLVEMENT

Community engagement is at the heart of AshBritt operations.

In September, AshBritt leadership donated more than \$100,000 to support child mental health programs for kids impacted by emergency and disaster events.

Earlier this month, AshBritt's CEO and Chief Strategy Officer partnered with internationally-recognized children's artist **Nathan Jarvis** to make the COVID-

19 vaccination experience [more welcoming](#) for children ages 5 to 11. The partnership was highlighted in a recent [Bloomberg article](#). In addition to being used throughout vaccination sites where AshBritt works, the kid-friendly kit is [available online](#) so other groups can use the materials.

FIRST LADY OF VIRGINIA, PAMELA NORTHAM, TOURS A KID-FRIENDLY VACCINATION EXPERIENCE AT AN ABML-EM HEALTH SITE IN RICHMOND, VA

## BUILDING TOGETHER: TEACHING & TRAINING

AshBritt congratulates government agencies that have successfully completed AshBritt's 2021 Annual Storm Preparedness Training: State

of Connecticut DEMHS Region 5; Alachua County, FL.; Collier County, FL.; Polk County, FL; Charleston County, SC; and Montgomery County, MD.

Additional online training classes are available for independent study through AshBritt's [Online Training Portal](#) year-round.

## CEO CORNER

**Brittany Perkins Castillo**  
Chief Executive Officer

I could not be prouder of our AshBritt team. My strongest reflection following AshBritt's historic Department of Defense award was how our success is driven by our people — our leadership, operations and headquarters team, our fantastic reserve cadre, our partners, subcontractors and vendors.

At AshBritt, we celebrated the award as it is an honor to be selected as a prime USACE partner. And, we celebrated the award as recognition of our earned status as the industry leader on a national level. The hard work, dedication, and expertise behind our successful proposals are qualities we foster day in and out at AshBritt, and ones we look for as we continue to grow our team.

Last quarter, we were fortunate to welcome 3 world-class professionals to the AshBritt family of companies:

- U.S. Marine Corps Reservist LtCol Monica Mellon as Chief Administrative Officer
- Rhysie Nance, a former ExxonMobil Tax Advisor, as Director of Finance and Accounting
- Brian Thomason, a former Bergeron executive, as Vice President of Operations and Business Development

While we continue to support communities' response to COVID-19, we remain focused on disaster resiliency work, preparedness efforts, and response and recovery operations. Our team stands at the ready!

AshBritt remains...
